• 11-30% Canopy	90 Points	_____ Ac.	\$65.00	FR	_____
• 31-35% Canopy	90 Points	_____ Ac.	\$95.00	FR	_____
• 35 - 50% Canopy	100 Points	_____ Ac.	\$95.00	FR	_____
• 51 – 100 % Canopy	100 Points	_____ Ac.	\$125.00	FR	_____

Chemical Brush Management

• Mes. ¼ lb Rem.+ ¼ lb.Rec.	90 Points	_____ Ac.	\$25.00	FR	_____
• Prickly Pear, 1/2 lb. Picloram	90 Points	_____ Ac.	\$16.00	FR	_____
• Prickly Pear, 1/4 lb. Picloram	90 Points	_____ Ac.	\$16.00	FR	_____

RANGE AND PASTURE PLANTING

• Range Planting-Heavy	95 Points	_____ Ac.	\$50.00	FR	_____
• Range Planting-Light	90 Points	_____ Ac.	\$30.00	FR	_____
• Pasture Planting-Sprigging*	60 Points	_____ Ac.	\$50.00	FR	_____
• Pasture Planting-Seeding*	60 Points	_____ Ac.	\$37.50	FR	_____

FENCING

• Standard Barbed Wire	75 Points	_____ Ft.	\$1.00	FR	_____
• Standard Barbed Wire-ROW	75 Points	_____ Ft.	\$1.25	FR	_____
• Two Wire Electric	75 Points	_____ Ft.	\$0.35	FR	_____

LIVESTOCK WATER DEVELOPMENT

• Pond **	75 Points	_____ Cy.	\$0.77	FR	_____
• Well Drilling/Casing	75 Points	_____ Ft.	\$8.81	FR	_____
• Pipeline	75 Points	_____ Ft.	\$0.54-0.62	FR	_____

ALL TIES WILL BE BROKEN USING THE RANDOM NUMBER IN PROTRACTS.

MANAGEMENT PRACTICES

A deferred grazing period as described in the Field Office Technical Guide will be required on all acres where brush management, range planting, pasture planting, or prescribed burning is applied. Range Planting will be deferred the first growing season following planting and should be deferred the second growing season if needed to insure establishment. Pasture planting will be deferred until all plants are well established. All brush management and Prescribed Burning will be deferred the remainder of the growing season following treatment.

*Pasture Planting will be cost shared for applying Bermuda grass seed and/or sprigs. Nutrient Management (590) based on a current soil analysis is recommended to aid in pasture establishment and will be available for cost share on an optional basis. Pest Management (595) will be carried out during the establishment period of pastureland as needed by use of approved chemical, biological or mechanical methods in accordance with the Pest Management standard but will not be cost shared.

Prescribed Grazing (Deferred Grazing) will be offered as an optional part of rangeland planting and will be defined as resting rangeland planting acres for the second growing season after planting.

**Ponds will be limited to 4000 cubic yards.
